

Health and Safety Protocols

Effective August 13, 2020

As our nation and world continues to move beyond the most critical stages of the pandemic, we wish to offer revised protocols reflecting high vaccination rates among our staff and travelers and fewer restrictions put forth by the places we visit. As always, your comfort and safety are our utmost concern. Please remember to bring a mask. We will continue to follow local, state and federal mandates.

1) All travelers and staff are required to sign the Assumption of Risk and Waiver of Liability Agreement printed on the reverse of this page. Please be prepared to return the form to the Tour Director at the start of the first day of travel of any tour. You cannot board the motorcoach until this form is presented to the Tour Director.

2) All travelers and staff must show proof of having received a one-dose (Janssen/Johnson & Johnson) or two-dose (Pfizer or Moderna) COVID-19 vaccine. Additionally, a booster shot is required for travel after January 20, 2022. Your vaccinations must be administered no less than 14 days prior to the departure date. If you have any questions, concerns or issues please contact Mark Hoffmann. You could be required by various suppliers to provide this information throughout the itinerary, therefore it's important to travel with a copy or photograph of your vaccine card on your person at all times.

3) A mask covering the nose and mouth must be worn by each traveler whenever the group is in a terminal or in transit by motorcoach, airplane, train or ferry, unless you are eating or drinking. Masks with ventilators, neck gaiters or bandanas are not acceptable. Face shields may be worn, but still require a mask.

*In this ever-changing climate these protocols frequently require adjustment. Your Tour Director will advise you of any changes. Thank you in advance for your patience and understanding.
